

HEALTH, SAFETY & ENVIRONMENT POLICY OF AGCL

OUR HSE POLICY

We at AGCL engaged in transporting natural gas to industrial, commercial and domestic consumers for use as energy source and raw material.

We are committed to maintain continual improvement in Health, Safety and Environment (HSE) management along with good performance and zero accident goals.

To achieve this, we are bound :-

- ▶To adopt and maintain high level of Safety by safe work practices and latest technology.
- ▶To promote environmental awareness by considering eco friendly approach.
- ▶To comply with all applicable statutory rules and regulations.
- ▶To educate our employees in respect of Health, Safety and Environment by giving adequate training periodically.
- ▶To protect employees in their employment from risks resulting from factors adverse to health.

OBJECTIVES OF HSE MANAGEMENT SYSTEM:

- ▶Provide Safe and Secured working environment.
- ▶Maintain accident/injury free workplace/ Zero accidents.
- ▶AGCL shall fulfill its commitments to society.
- ▶To minimize and manage levels of pollution, waste and emission.
